

Guidelines for Chemistry Course Selection

Math Course Placement	High School Chemistry & Algebra Grade	Recommended Fall Chemistry Course
MA1030 College Algebra I	-	CH1000 Preparatory Chemistry
MA1032 Data, Functions Graphs Plus Or higher	<B	CH1000 Preparatory Chemistry
MA1032 Data, Functions Graphs Plus Or higher	≥B	<i>Required:</i> CH1150 University Chemistry 1 Lecture and CH1151 University Chemistry 1 Laboratory <i>If required by major:</i> CH1153 University Chemistry 1 Recitation

Notes:

- *University Chemistry 1 requires a working knowledge of high school chemistry, proficiency in algebra, and good problem-solving skills.*
- *Preparatory Chemistry is for students who didn't take chemistry in high school or want to review chemistry fundamentals before enrolling in University Chemistry 1.*
